[11:01] <darksydephil> hello all
[11:02] <darksydephil> you should probably get that looked into, sounds like a personal prob
[11:02] <darksydephil> lol
[11:04] <darksydephil> damn. so far we haven't hit the patreon goal. in fact we may be far off
[11:05] <darksydephil> no, as ive said many times, my public facing total is completely wrong. patreon f'ed it up over time and it's not correct at all, plus tons of people get declined
[11:05] <darksydephil> it looks like over \$100 was declined
[11:06] <darksydephil> the whole thing is fucked up, ive got THREE different pledge amounts showing on 3 different pages of the site
[11:07] <darksydephil> it looks like a ton of people pulled their pledges in the last 1-2 days because it dropped by some 20 patrons total
[11:07] <darksydephil> and thats why we didn't hit the goal
[11:09] <darksydephil> well im going to message the people who were declined and see if some of those will clear up
[11:09] <darksydephil> and then i have to do some math. the site is such a mess its impossible to tell how much you actually made in a month at a glance
[11:09] <darksydephil> we may have hit it narrowly
[11:12] <darksydephil> okay
[11:12] <darksydephil> well i messaged all the patrons who were declined
[11:12] <darksydephil> ill set up the stream now, should be live shortly
[11:18] <darksydephil> stream working for everyone?
[11:19] <darksydephil> ok ill tweet that we're live
[11:20] <darksydephil> ok brb, grabbing drinks and then we'll start
[11:23] <darksydephil> ok back. getting the laptop set up now
[11:24] <darksydephil> my hair is sticking straight up again lol
[11:25] <darksydephil> lol
[11:26] <darksydephil> there are always idiots in here, it's not any different lol
[11:27] <darksydephil> you did?
[11:27] <darksydephil> oh. /ignore is the ultimate counter to whisper trolls
[11:28] <darksydephil> this is why i dont watch youtube videos, lol. no spoilers
[11:28] <darksydephil> yes Zahvone ?
[11:29] <darksydephil> there is no bigger room besides the bedroom, which wouldn't work
[11:29] <darksydephil> yeah the other office/bedroom is about the same size
[11:30] <darksydephil> ok ready for prestream?
[11:31] <darksydephil> ive never heard of captain ds?

----- #DARKSYDEPHIL 20170601-02 INJUSTICE 2 14TH.LOG

[16:56] <darksydephil> nope
[19:02] <darksydephil> well i'm not a retard, so no, i'm not watching
[19:05] <darksydephil> hey
[19:05] <darksydephil> setting up now
[19:09] <darksydephil> just block any annoying whisperers, i heard a few people complaining of it recently
[19:11] <darksydephil> there was trolling yeah, but nothing out of hand
[19:11] <darksydephil> honestly kind of the same par of what we get normally but of course it was about Leanna
[19:11] <darksydephil> btw i think those bots are gone. didnt notice a single one today
[19:12] <darksydephil> is the stream working?
[19:13] <darksydephil> ok cool, ill tweet it out and then get my water mug filled

[19:15] <darksydephil> ok water time
[19:44] <darksydephil> um why are you not doing this
[19:45] <darksydephil> there you go

----- #DARKSYDEPHIL 20170602-01 TEKKEN 7 1ST.LOG

[11:00] <darksydephil> hello all
[11:00] <darksydephil> doing last minute setup, got some fanart submitted etc overnight
[11:04] <darksydephil> nice got a new piece of fanart from solidnemesis97
[11:04] <darksydephil> almost done setting up
[11:06] <darksydephil> now i know Tekken is always 60fps so ill be recording/broadcasting in 720p so we can have that framerate, just like with injustice 2
[11:12] <darksydephil> ok should be audio now
[11:13] <darksydephil> ok stream working for everyone now? got audio etc?
[11:14] <darksydephil> yup got them DrZombius thanks!
[11:14] <darksydephil> ok im gonna tweet that we're live
[11:16] <darksydephil> kozatof : you didn't make any
[11:16] <darksydephil> yes you can always submit on the forums kozatof and considering we're just starting a ewekend of coverage, no, its not too late
[11:17] <darksydephil> Airhead793d2jsp i'll be playing online eventually but i need to play the game first to get my chops back and learn a few fighters just like i didn in injustice 2. so no idea when the first online session will be
[11:18] <darksydephil> i haven't played tekken since TTT2. it will take a bit to get reacquainted lol
[11:19] <darksydephil> thanks imAidenr
[11:20] <darksydephil> yeah i did pretty decently in TTT2 once i figured out the stupid bullshit
[11:20] <darksydephil> ok prestream in just a sec
[11:20] <darksydephil> just getting the phone set up so it doesnt distract me
[11:22] <darksydephil> ok here we go

----- #DARKSYDEPHIL 20170602-02 TEKKEN 7 2ND.LOG

[18:46] <darksydephil> yo
[18:48] <darksydephil> thanks
[18:48] <darksydephil> what happened to your sub crown? or did my chat glitch out. i know you just recently subbed
[18:53] <darksydephil> well i have no plans for online yet anyway
[18:54] <darksydephil> ill probably try some character stories and maybe see what other modes there are sinc ei have no idea
[18:55] <darksydephil> wow, apparently, unlockable in Tekken 7 is every single ending from every tekken game ever
[18:55] <darksydephil> thats nuts
[18:56] <darksydephil> yeah venomous fatman just sent me his guide in progress
[18:56] <darksydephil> it even has cutscenes and anime from pachinko games only in japan lol
[19:04] <darksydephil> ok
[19:04] <darksydephil> stream should be starting shortly
[19:08] <darksydephil> it was just a bunch of dumbfucks who know nothin about fighting games trying to act like they did because Shin Akuma is an insanely tough optional boss
[19:08] <darksydephil> nothing too special, considering it happens every time i play fighting games
[19:11] <darksydephil> stream working for everyone?
[19:11] <darksydephil> ok cool, ill tweet that we're live
[19:12] <darksydephil> ok i tweeted that we're live
[19:12] <darksydephil> lol
[19:12] <darksydephil> so lower you rspeakres?
[19:12] <darksydephil> thats the menu volume

[19:13] <darksydephil> enough of that clown
[19:13] <darksydephil> oh look at nother one
[19:13] <darksydephil> how do you think he'll feel to know nobody read his paragraph? lol
[19:14] <darksydephil> YuichiMcCry you are misinformed on many levels lol
[19:14] <darksydephil> i dont live in Portland to begin with
[19:14] <darksydephil> the weather has cooled down a bit which is nice
[19:15] <darksydephil> lol bentboxer
[19:15] <darksydephil> not exactly a huge deal
[19:15] <darksydephil> proposing to me?
[19:15] <darksydephil> i haven't heard any offers yet from qualified suitors. i need to review their dowries first to see if they're sufficient
[19:16] <darksydephil> the trolling doesn't even make sense anymore
[19:16] <darksydephil> why dont they just smash their keyboards with random letter configurations at this point
[19:17] <darksydephil> i love kebabs. we have a few good middle eastern/mediterranean food places around here
[19:18] <darksydephil> unless I fell back into a bad financial position where i couldn't afford my bills, i'd be a madman to sell this house right now. the market value is skyrocketing and still on a massive upward trend
[19:20] <darksydephil> ok time to start talking, let me go to the dashboard so people can hear me
[19:20] <darksydephil> YuichiMcCry you are seriously behind on everything. read my twitter from 2 days ago for the real story and that's it. no info was ever revealed outside of that post so anything anybody else says is bullshit. and this is not the place to ask either

----- #DARKSYDEPHIL 20170603-01 TEKKEN 7 3RD.LOG

[11:15] <darksydephil> hello all
[11:18] <darksydephil> yup im setting up right now
[11:22] <darksydephil> YOU GOING ONLINE BEFORE YOU'VE EVEN TRIED OUT ANY CHARACTERS PHIL? YOU AFRAID?
[11:22] <darksydephil> what a fuckwad
[11:23] <darksydephil> thats what i'd expect chrisbreezy00
[11:23] <darksydephil> yes, by playing the story mode of the game, i have instantly absorbed all top level strategies and mastered the art of combat
[11:23] <darksydephil> lol
[11:24] <darksydephil> i'd say they're about the same jackwhite202 . both kind of shitty
[11:26] <darksydephil> okay stream working for everyone?
[11:26] <darksydephil> i wonder if tekken 7 still has just frames or if they got rid of them
[11:26] <darksydephil> i never mastered them in the previous games
[11:28] <darksydephil> no pureo_nikku , just frames are specific special moves that require incredibly precise timing to pull off consistently, but are usually quite rewarding
[11:28] <darksydephil> stream working well ?
[11:28] <darksydephil> ok cool, time to tweet
[11:29] <darksydephil> i actually did pretty well on pad, yesterday, considering i beat shin akuma
[11:30] <darksydephil> im about to start drinking matty3888 lol
[11:30] <darksydephil> hello simp098
[11:31] <darksydephil> probably jackwhite202 , hes one of the characters i use to play with
[11:31] <darksydephil> im thinking paul, king, bob, yoshi, eliza, lili, and miguel may be who i try to play with. we'll see
[11:32] <darksydephil> oh yeah, maybe AKUMA BABY and Heihachi too
[11:32] <darksydephil> i like heihachi bc he's a hybrid
[11:32] <darksydephil> anyone remember that reference? lol
[11:33] <darksydephil> that guy was seriously braindead haha
[11:33] <darksydephil> LOL oh god, waaaaay back to the Bridgeport days. ghetto ass fools outside making a ruckus at like midnight
[11:34] <darksydephil> nothing tzuftzuztu , im going to do it eventually as long as you dont pester me

[11:34] <darksydephil> if you do, ill delay online play longer and longer
[11:34] <darksydephil> thanks mxavier91 !
[11:35] <darksydephil> oop! you just pestered me. online play delayed for an extra 30 minutes
[11:35] <darksydephil> OOP! another pestering! thats another 30 minutes
[11:36] <darksydephil> i cant review friday the 13th, the game is far from complete and everyone knows it
[11:36] <darksydephil> i miss indestructible. those days we'll never get back lol
[11:38] <darksydephil> tekken always had weirdos lol
[16:05] <darksydephil> how exactly did any of those games work? either super slow mo or no low blocks lol.
this game is complete shit online right now
[16:07] <darksydephil> "you got legit outplayed" Every hit was low because it wouldn't block due to delay.
Okay, if you think that's being outplayed, it just shows you're a dumbass lol
[16:09] <darksydephil> yes, spamming low attacks and doing one juggle combo online means you're an amazing
tekken player. sorry i forgot, its not about strategy or anything lol
[16:09] <darksydephil> some serious uneducated idiots. but im used to it
[16:09] <darksydephil> yeah im gonna turn off the stream and strat uploading
[16:09] <darksydephil> start
[16:10] <darksydephil> Thirtysixhundredcalories because IT LAGS, dummy. lol damn your head is empty ain't it

[19:11] <darksydephil> hello all
[19:11] <darksydephil> setting up now, sorry i lost track of time making the shopping list for tomorrow lol
[19:13] <darksydephil> the online isn't going to work, im going to try 1-2 new characters and do their arcade
ladders i guess. maybe more, dunno how long the ladders are
[19:18] <darksydephil> okay
[19:18] <darksydephil> can finally get the stream started
[19:22] <darksydephil> ok stream should be live
[19:22] <darksydephil> it's TOO live
[19:24] <darksydephil> this music is by a band comprised of Roger, Alex and Dr. Bosconovitch
[19:25] <darksydephil> ok so stream looks good? ill tweet that we're live
[19:29] <darksydephil> ok just tweeted that we're live
[19:29] <darksydephil> and ill start in a minute
[20:39] <darksydephil> well siegmare perhaps you should use your brain. this is a tekken 7 stream, not one about
my love lie. asking about it here is stupid
[22:05] <darksydephil> what?
[22:05] <darksydephil> it has input showing, and the ps4 online play should eventually work

----- #DARKSYDEPHIL 20170604-01 TEKKEN 7 5TH.LOG

[12:10] <darksydephil> hello everyone
[12:10] <darksydephil> setting up now! sorry about late start
[12:11] <darksydephil> today is just a bunch of MP anyway
[12:11] <darksydephil> so its not like there was a major time constraint. i do apologize that the stream started
late though
[12:12] <darksydephil> yes im aware Derich lol
[12:12] <darksydephil> it was just one of those nights. got caught up in doing shit around the house, got too
much adrenaline pumping, next thing i know its super late and i cant sleep
[12:13] <darksydephil> ive got bags under my eyes today lol
[12:16] <darksydephil> okay lets get this stream started
[12:19] <darksydephil> LOL some guy posted on the forums inquiring about all kinds of personal shit
[12:19] <darksydephil> is this really what we've come to? i thought it was about my streams and videos. not
about knowing every single aspect of my personal life
[12:20] <darksydephil> these people have issues man
[12:20] <darksydephil> its definitely obsession at this point

[12:21] <darksydephil> i mean just to give some perspective, i said i wouldn't talk about what car i got. these people did everything in their power to try and figure it out regardless of the fact it has nothing to do with anything relating to them. why? just because they felt they could. that's mental illness

[12:22] <darksydephil> they are completely and hopelessly infatuated and obsessed with me. this is sick shit man. this goes beyond celeb stalker shit

[12:23] <darksydephil> they apparently called the real estate company that was trying to short sell my condo on their podcast just because they could....the fuck?

[12:24] <darksydephil> so is the stream working? i see its running but its saying 0 viewers lol

[12:24] <darksydephil> no stream? wtf

[12:25] <darksydephil> ok ill restart OBS

[12:25] <darksydephil> it may be a twitch side issue

[12:26] <darksydephil> yeah wtf, now my stream is offline but the dashboard is saying im still broadcasting. the site is all messe dup today

[12:27] <darksydephil> hey TheNewFaceofCreation didnt i JUST CALL YOU OUT for being a constant douchebag the other day? and you certainly haven't improved your attitude

[12:27] <darksydephil> either grow up or you'll be banned

[12:27] <darksydephil> im honestly tired of your shit at this point

[12:27] <darksydephil> every word out of your mouth is an annoying insult

[12:28] <darksydephil> no, you fucking weren't joking. adding a kappa at the end of every insulting line you type doesn't make it a joke. it's just a cop out and i'm done putting up with your shit

[12:29] <darksydephil> now start acting like a fucking mature adult or say goodbye

[12:29] <darksydephil> BTW the stream is definitely live now, i see viewers

[12:30] <darksydephil> LOL no, this has nothing to do with not having enough sleep and everything to do with being systematically insulted and abused by the same guy over and over and im done putting up with it

[12:30] <darksydephil> a kappa face is not a shield against retribution for insults

[12:31] <darksydephil> okay so stream working now?

[12:33] <darksydephil> lol TheNewFaceofCreation i already called you out for this, you were well aware of the situation. its your own fault you're in this situation now. so you can either grow up or go bye bye, your choice. and an apology would probably be warranted now

[12:33] <darksydephil> anyway, running to grab drinks before we start, brb

[13:31] <darksydephil> no ThatWouldBeGrand you're wrong

[13:31] <darksydephil> that doesn't have an effect on in game lobbies

----- #DARKSYDEPHIL 20170605-01 TEKKEN 7 6TH.LOG

[11:11] <darksydephil> hello everyone

[11:11] <darksydephil> uuuh no, thats pretty sick sissydiejungwkaiserin , id probably stay away from that kind of stuff

[11:14] <darksydephil> id play sonic adventure 1/2 for sure

[11:14] <darksydephil> that would be pretty fun

[11:15] <darksydephil> how long is sonic adventure 1? i haven't played it in so long i forget

[11:16] <darksydephil> i guess people like SA2 over 1? i never played 2, only had a burnt copy that crapped out after a few hours due to glitches

[11:17] <darksydephil> so how about hte funding goal for june is a full playthrough of SA2 that starts either in late july or early august? it'd match the sonic 06 event from last year

[11:18] <darksydephil> sounds like a plan. ill have to work something up for it

[11:19] <darksydephil> thanks RetroCerverus and MsMonique for your support!

[11:19] <darksydephil> yes Zahvone

[11:19] <darksydephil> yeah i know they were redone in HD pimpkings

[11:19] <darksydephil> my ps3 still works, its just not reliable so much

[11:20] <darksydephil> so i avoid it when i can

[11:24] <darksydephil> stream working for everyone?

[11:24] <darksydephil> ok cool, ill tweet that we're live and then grab some drinks

[11:26] <darksydephil> ok brb, grabbing drinks
[11:32] <darksydephil> they're just dumbfuck kids talking shit on the net, i mean, showing up in person not only would get them arrested but possibly hurt IRL. and pussies wouldn't ever chance that
[11:32] <darksydephil> i know JasonBiggs64 i saw your messgae yesterday here
[11:33] <darksydephil> first of all, these dumb kids dont seem to realize i live in a private community. which means we have cameras everywhere and a security system installe din every house lol. morons
[11:34] <darksydephil> if they tried to break in they'd be arrested most likely if they even touched a door
[11:36] <darksydephil> there's no such thing as "joking about sneaking into Phil's house." that's not joking, because its not funny. it's premeditated crime, even if you're just fucking around. and they need to fucking realize that, because it's SICK thinking.
[11:36] <darksydephil> i'm sure the Columbine shooters were "just joking" about shooting up their school when they were planning it to. then they actually made the bombs, bought hte guns and did it. planning stuff like that is the first step to insanity.
[11:37] <darksydephil> anybody else want to fuck around? just joking.
[11:37] <darksydephil> any more?
[11:38] <darksydephil> please reveal yourselves now so i can ban you
[11:38] <darksydephil> okay, time to start prestream
[11:38] <darksydephil> btw gonna change the schedule a bit, ill explain on prestream
[13:02] <darksydephil> Gino
[13:02] <darksydephil> wtf are you doing

[18:59] <darksydephil> hello
[19:00] <darksydephil> so i think ill try Bob and Lili tonight
[19:00] <darksydephil> practice, arcade and maybe a bit of online if I think i've gotten them down enough
[19:03] <darksydephil> oh, i can't do more treasure battle
[19:03] <darksydephil> because it continues the streak, it didnt end
[19:03] <darksydephil> so it'd be like playing new characters against the much harder AI, i'd get stomped
[19:03] <darksydephil> it is??
[19:04] <darksydephil> i was told the streak just runs endlessly until you lose no matter who you pick
[19:04] <darksydephil> bc tonight i wanted to practice with bob/lili and tomorrow do MP with them
[19:04] <darksydephil> if i try it and it doesn't reset, i'm fucked, i'll lose my stream
[19:04] <darksydephil> streak
[19:05] <darksydephil> yeah bc rewards are random except for the ones that are specific to your character
[19:05] <darksydephil> if you quit mid-match it'd count as a loss i think
[19:06] <darksydephil> we can try it i guess lol
[19:07] <darksydephil> nah i tnever had a release date, which is what i kept saying but people kept telling me it did lol
[19:07] <darksydephil> im sure the match will be a speed up, double damage match against panda
[19:12] <darksydephil> stream working for everyone?
[19:12] <darksydephil> ok ill tweet that we're live
[19:13] <darksydephil> the stream community here is great
[19:14] <darksydephil> it's the youtube community that's toxic as shit. all the morons stayed there while all the nice people gravitated over here
[19:16] <darksydephil> ok laptop is almost up and running
[19:17] <darksydephil> sorry to hear that Ornightz . hopefully something i do tonight can help you out in some way

[11:18] <darksydephil> FYI we can only have 1 more emote, that's the limit until i think we hit a shitton of subs
[11:18] <darksydephil> which who knows if we'll ever do
[11:26] <darksydephil> stream working?
[11:27] <darksydephil> ok cool ill tweet that we're live
[11:32] <darksydephil> ok
[11:33] <darksydephil> here and have drinks
[11:33] <darksydephil> so prestream starts in a minute
[11:33] <darksydephil> but hey, the stream actually started at the time promised, even earlier
[11:35] <darksydephil> i dont know anything about the negativity Stilldevious . bottom line is they're in their own world and i'm not even a part of it, despite them only talking about me constantly lol
[11:35] <darksydephil> all i know is i've been covering tekken 7 and enjoying myself
[11:38] <darksydephil> ok ready for prestream?
[15:14] <darksydephil> ive had enough of his shit
[15:14] <darksydephil> i warned him TONS of times

[12:02] <darksydephil> so theres a crazy story mode in madden this year i guess
[12:03] <darksydephil> i can't, thats not how hosting works
[12:03] <darksydephil> at least not that i know of
[12:03] <darksydephil> there we go
[12:03] <darksydephil> did ti work?
[12:03] <darksydephil> ok cool
[12:03] <darksydephil> the supervillain ceo is back!
[12:03] <darksydephil> lol
[12:05] <darksydephil> "we got a lot of feedback. as in, the game sucked ass"
[12:05] <darksydephil> wow 30 minutes wtf
[12:05] <darksydephil> i guess this is their big game for this conference
[12:06] <darksydephil> lol battlefield 1 which died ages ago
[12:07] <darksydephil> i love when they blatantly lie about stuff like this. "20 million people playing" NO, that was at launch, now it slike 100k
[12:07] <darksydephil> oh fuck....

[12:07] <darksydephil> these idiots
[12:07] <darksydephil> holy fuck listen to this idiot, so annoying
[12:08] <darksydephil> wow, this is quite awful lol
[12:08] <darksydephil> oh wait, a normal human was talking for a sec there
[12:09] <darksydephil> oh look, overreacting muppets!
[12:09] <darksydephil> amazing lol
[12:09] <darksydephil> A MAJOR REVOLUTION
[12:10] <darksydephil> OMFG the SFW Battalion!
[12:10] <darksydephil> FINALLY
[12:10] <darksydephil> fuck i mean SJW lol
[12:10] <darksydephil> so amazing, a total non-announcement
[12:11] <darksydephil> i like battlefield 1 but EA needs to realize, 8 months after release an FPS is dead
[12:11] <darksydephil> i am taking notes actually
[12:12] <darksydephil> yeah nobody clapped at all lol
[12:12] <darksydephil> is this guy alive?
[12:13] <darksydephil> he looks and acts like a zombi
[12:13] <darksydephil> lol
[12:13] <darksydephil> make stars of all of their players? nobody knows who the fuck these kids are
[12:13] <darksydephil> and nobody cares
[12:13] <darksydephil> lol
[12:13] <darksydephil> the best fuck players?
[12:14] <darksydephil> yay, EA once again not getting that advertising this competitive gaming doesn't sell their games at E3
[12:14] <darksydephil> idiots
[12:15] <darksydephil> they gave them a fucking plate as a trophy hahaha. "put your doritos on here when you wash them down with fanta tomorrow"
[12:16] <darksydephil> poor Venomousfatman is in the audience for this. how is he awake?
[12:17] <darksydephil> what the fuck is this
[12:18] <darksydephil> nobody knows who you are....
[12:18] <darksydephil> why are they doing this
[12:18] <darksydephil> its bad, dry, british humor that isn't funny and an american audience doesn't get.
PERFECT FOR E3!
[12:19] <darksydephil> we're american, we need GIRL BONER humor
[12:20] <darksydephil> i have no idea wtf they're talking about
[12:20] <darksydephil> so its career mode right?
[12:21] <darksydephil> i dont think EA should have gone first....lol
[12:22] <darksydephil> no, nobody knows who the fuck you are
[12:22] <darksydephil> LOL he forgot what hes supposed to say!
[12:22] <darksydephil> HAHAAHAHAHA
[12:23] <darksydephil> LOL what a fucking piece of shit haaha
[12:23] <darksydephil> HAHAAHHA
[12:23] <darksydephil> omfg E3 moment of the year
[12:23] <darksydephil> that was amazing
[12:23] <darksydephil> nobody knows who the fuck this guy is and nobody cares
[12:24] <darksydephil> EA screwed the pooch
[12:24] <darksydephil> EA wants to pretend that they're "in touch" with the common gamer by having all these nobodys on their conference
[12:25] <darksydephil> in reality it shows how out of touch they are
[12:25] <darksydephil> what was this guys name, Jesse what?
[12:25] <darksydephil> i didnt catch it
[12:25] <darksydephil> thanks
[12:25] <darksydephil> got it

[12:26] <darksydephil> the graphics are nice....
[12:26] <darksydephil> lol
[12:26] <darksydephil> its pretty cinematic
[12:26] <darksydephil> NO NOT THE BEAMER
[12:27] <darksydephil> what the fuck, how realistic haha
[12:28] <darksydephil> sooo its fast and furious?
[12:28] <darksydephil> or gone in 60 seconds
[12:28] <darksydephil> im convinced this guy is a robot
[12:28] <darksydephil> or a zombie
[12:29] <darksydephil> "my daughter kept asking if she could call her boyfriend, so i tied her to the couch and played by myself while she was forced to watch"
[12:30] <darksydephil> prison anal sex simulator! FINALLY
[12:30] <darksydephil> this actually looks kind of cool, its an original concept
[12:31] <darksydephil> ok i like this, looking forward to it. best thing of this conference so far
[12:32] <darksydephil> this is cool except couch coop died, soooo yeah
[12:33] <darksydephil> could this be....Prison Break and Chill? LOL
[12:33] <darksydephil> "we tried to beat A Way Out but god damn it, we just kept fucking each toehr before we finished"
[12:34] <darksydephil> yeah this guy is cool, and the game concept is good. so thumbs up for this one
[12:35] <darksydephil> i really like this concept, but i predict a ton of funny bugs, especially if you're playing online and it desynchs
[12:36] <darksydephil> aw i was hoping they'd be like AND IT RELEASES RIGHT NOW!
[12:37] <darksydephil> seed? uuuuh
[12:37] <darksydephil> "we hired a Seed team to inject gaming goodness into the crevices and cracks of the gamer landscape. Seed will fill all of your desires with a rush of torrential....QUALITY"
[12:38] <darksydephil> thanks Durk2 !
[12:38] <darksydephil> project scorpio, cant wait for that thing nobody will buy besides early adopters
[12:39] <darksydephil> a new bioware IP! that plays just like dragon age inquisition and me andromeda!
[12:40] <darksydephil> its the dead space armor
[12:40] <darksydephil> oh fuck me, nobody cares about nba live
[12:40] <darksydephil> let's announce a new bioware IP for 10 seconds, then immediately spend a ton of time on an IP nobody cares about
[12:41] <darksydephil> they dont ever need to show these sports games, people/fans of the series buy them regardless. this is always huge wasted time and they do it every single year
[12:43] <darksydephil> oh the streets you ONLY get respect if you're at home playing video games!
[12:44] <darksydephil> im already zoned out and not paying any attention to this, and i know im missing not hing
[12:44] <darksydephil> "after the street game ends, you can eitehr go to work like a responsible adult, or sell weed on the street corner. its the most realistic sim yet!"
[12:45] <darksydephil> this is shit lol
[12:45] <darksydephil> wha tthe FUCK is this music?!?!
[12:45] <darksydephil> AAAH
[12:46] <darksydephil> wait wtf is this?
[12:46] <darksydephil> LOL they have to talk about wha tthey donated for? to prove they're not a huge evil corporation
[12:47] <darksydephil> play our old shitty games, FOR FREE
[12:47] <darksydephil> sorry kekon, i misclicked, you're unbanned
[12:48] <darksydephil> who the fuck is this?
[12:48] <darksydephil> LOL damn shes so serious
[12:48] <darksydephil> ITS A WERMAN!
[12:48] <darksydephil> lol
[12:50] <darksydephil> oh boy more "battlefront and chill" action!
[12:50] <darksydephil> gotta show her my wookie

[12:50] <darksydephil> Demarcus Yoda LOL
[12:51] <darksydephil> she's trying to make jokes and every one fell flat
[12:52] <darksydephil> "three times the content, but if you want it all, the season pass edition is \$249.99"
[12:53] <darksydephil> are these more fucking youtubers?
[12:53] <darksydephil> lol
[12:53] <darksydephil> DROIDS VS CLONES
[12:54] <darksydephil> ugh my stream buffered lol
[12:54] <darksydephil> um those duels dont actually happen, that was cgi bullshit lol
[12:55] <darksydephil> what the fuck?!
[12:55] <darksydephil> that was the emperor!
[12:55] <darksydephil> "my mom is here to see all you nerds lust over me, must be so proud!"
[12:55] <darksydephil> IJUSTINE WHAT THE FUCK
[12:55] <darksydephil> are they fucking retarded?
[12:57] <darksydephil> wow, so ALL dlc is free?
[12:58] <darksydephil> WOW they actually listened
[12:58] <darksydephil> amazing
[12:58] <darksydephil> "for years to come" aka for 1 month and then when dlcs release for a day
[12:59] <darksydephil> ijustine! OH FUCKING BOY I CANT WAIT
[13:01] <darksydephil> what the fuck was that?! LOLOL
[13:01] <darksydephil> HAHAAAAHA
[13:02] <darksydephil> yes everyone, i admit, that is really me playing
[13:03] <darksydephil> these people have no idea how to play in the vehicles lol
[13:03] <darksydephil> WHOA the stream just cut ahead lol
[13:04] <darksydephil> yeah at least this isn't scripted lol
[13:05] <darksydephil> ijustine has never added anything of quality to anything. she was in teh right place at the right time, she started "gaming" on youtube when it was becoming popular and bc she had a pretty face, all the fucking nerds watched her and she got famous based solely off of that. she's awful at games and is not any authority at anything, but she's good at speaking so she gets jobs like this
[13:06] <darksydephil> just like toby turner, ijustice wasn't even doing gaming on youtube until it could be monetized. so ill just leave that there and yeah lol
[13:07] <darksydephil> i said ijustice instead of ijustine lol
[13:07] <darksydephil> so this game looks good, but im already bored. you need a real gamer/commentator doing the gameplay for it to be good. jumping around makes it boring as you constantly get torn out of the situations
[13:09] <darksydephil> well IMO the game looks good
[13:10] <darksydephil> ok back, i took a piss bc i was bored lol
[13:11] <darksydephil> ugh buffer
[13:11] <darksydephil> yeah theres 30 minutes of this lol
[13:12] <darksydephil> oooh buff classes, i like this
[13:13] <darksydephil> LOL Rey dies in like 5 seconds
[13:13] <darksydephil> "how does rey's mind trick affect enemies?" "it doesn't, she's fucking dead justine"
[13:14] <darksydephil> yeah this game will be pretty chaotic. this does remind me a bit more of the original battlefront though, unlike the last game
[13:15] <darksydephil> "not bad"
[13:15] <darksydephil> LOL
[13:15] <darksydephil> wha tthe fuck this guy works for EA and he said the game is "not bad"
[13:16] <darksydephil> "my fave part was when NBA Live jumped into the fray!"
[13:16] <darksydephil> "all you fucks better buy this game, because its all we have this year"
[13:17] <darksydephil> ijustine only plays games when she can make a huge paycheck
[13:17] <darksydephil> she's the ultimate sellout
[13:18] <darksydephil> wait, you can spend a thousand dollars on a game? LOL what great advertisement! let your kids start playing it immediately!

[13:19] <darksydephil> so the highlights of this conference were the Youtuber who forgot his lines, "not bad" and "i spent over a thousand dollars on tha game!"
[13:19] <darksydephil> what the fuck? no audio LOL
[13:19] <darksydephil> HAHAAHAH
[13:20] <darksydephil> holy fuck look at this woman
[13:20] <darksydephil> admiral thrawn from the comics, i read that arc
[13:21] <darksydephil> admiral thrawn found an animal that could negate the force, so he kept them around and just slaughteerd the fuck out of all the jedi
[13:23] <darksydephil> um....why are they talking massive detail about a mobile game
[13:23] <darksydephil> its not liek we all play it and know it
[13:23] <darksydephil> this would be like me announcing a new character in street fighter and getting technical about frame data....
[13:23] <darksydephil> this isn't relevant bigtone995
[13:24] <darksydephil> wtf is the conference over?
[13:24] <darksydephil> i think it is
[13:24] <darksydephil> but its just going and going
[13:25] <darksydephil> sooo its over lol. would have been nice if they were like "ITS OVER"
[13:26] <darksydephil> yes everyone im setting up for my reactions right now
[13:30] <darksydephil> ok im gonna turn on the stream, then use the restroom, then we can start
[13:30] <darksydephil> so be patient, it'll be like 10 minutes, also have to brush my hair lol
[13:39] <darksydephil> okay
[13:39] <darksydephil> gonna start in a sec
[13:39] <darksydephil> stream works right? ill tweet that we'r elive

[14:17] <darksydephil> um, he says it runs at 60fps but the demo ran at 30 lol

[14:19] <darksydephil> oh wait...
[14:20] <darksydephil> i played both metros lol
[14:20] <darksydephil> this is CGI, not in game footage. total bullshit
[14:20] <darksydephil> its TOTALLY prerendered

[14:21] <darksydephil> pwnage: no button prompts for combat. moving between holding a gun and punching without any kind of transition. it's completely prerendered

[14:22] <darksydephil> by the way, this is 30fps on xbox one x! lol

[14:23] <darksydephil> congrats, you've successfully watched the intro cutscene. give me an achievement!

[14:24] <darksydephil> actual in-game footage!

[12:47] <darksydephil> hello
[12:47] <darksydephil> finally setting up today
[12:48] <darksydephil> hey guys, ive got an idea
[12:48] <darksydephil> stop talking about my personal shit that i purposely didn't talk about publicly because its none of your business!

[12:49] <darksydephil> and now ill set up the stream lol
[12:49] <darksydephil> BeTheAllen it actually works with everything, i checked, but i want to try the motion controls first
[12:50] <darksydephil> please be patient as i have to set up a ton of shit
[12:52] <darksydephil> im setting up dr zombius's custom switch animations now! He was up late last night making them for us
[12:56] <darksydephil> BeTheAllen I'd be willing to mod you but you have to promise not to get into squabbles with regular chatters. I see you in here all the time and I never can tell if it's joking or not lol
[12:58] <darksydephil> electrumguy : only if you can't read
[12:59] <darksydephil> yeah, well your not paying attention and accusing me of being late is more rude
[12:59] <darksydephil> so there! dspAngrydsp
[12:59] <darksydephil> yes
[13:00] <darksydephil> starting with the joycons and motion controls and we'll go from there
[13:01] <darksydephil> holy fuck this music LOL
[13:01] <darksydephil> just booted the game and holy shit
[13:03] <darksydephil> ban ban ban ban!
[13:03] <darksydephil> fucking idiot lol

[13:08] <darksydephil> okay laptop almost set up
[13:09] <darksydephil> twitch doesn't even have artwork set up for this yet lol
[13:09] <darksydephil> its just a blank thumbnail for hte game
[13:10] <darksydephil> electrumguy type /ignore and then their name
[13:10] <darksydephil> its just dumb retards
[13:10] <darksydephil> Best girl in ARMS is the one with the longest....arms
[13:11] <darksydephil> ok prestream in just a sec
[13:11] <darksydephil> just a bit more of this lit music!
[13:11] <darksydephil> lol
[16:23] <darksydephil> misclick

[19:00] <darksydephil> lovid? lol
[19:01] <darksydephil> dinner was great, i love pasta and with my sauce its perfect
[19:02] <darksydephil> believe me, im playing with the pro controller from now on. fuck the joycon shit
[19:02] <darksydephil> made for little kids and controls like a broken vehicle
[19:04] <darksydephil> BTW every single ARMS video was claimed, just as i'd expected
[19:08] <darksydephil> ok ill start seting up the stream in a sec
[19:13] <darksydephil> had the wrong screen up lol
[19:14] <darksydephil> no Popsicolo , remember, stopping the stream earlier to eat dinner was an awful idea, because i was dropping viewers when the stream was hot! Despite the fact nobody makes money on Twitch views lol
[19:16] <darksydephil> Dead by Daylight is Tuesday, that'll be something different
[19:17] <darksydephil> first im doing the real tutorial, then im trying hedlok again. then we'll se what time it s lol

[19:17] <darksydephil> at least ill be using the pro controller this time

[19:18] <darksydephil> ok just tweeted that we're live

----- #DARKSYDEPHIL 20170617-01 ARMS 3RD.LOG

[11:27] <darksydephil> hello all!

[11:28] <darksydephil> stream should be going live shortly

[11:29] <darksydephil> BeTheAllen did you ban Bobbi yesterday for 30 minutes???

[11:30] <darksydephil> someone claiming to be Bobbi tweeted me saying you did lol

[11:31] <darksydephil> it could have been total bullshit

[11:31] <darksydephil> some impersonator trying to stir shit up

[11:31] <darksydephil> so ill ask the real bobbi when i see them

[11:32] <darksydephil> im sure there are logs but i dont personally keep them

[11:33] <darksydephil> oh wait, turns out nightbot keeps total logs

[11:34] <darksydephil> and you were being a dick to bobbi wtf

[11:34] <darksydephil> seriously? right after i modded you

[11:35] <darksydephil> according to teh logs bobbi was being teased by BeTheAllen because he became a mod and she doesn't like him. then later on she PMed deep drive saying she'd been banned

[11:36] <darksydephil> well being a mod comes with an air of responsibility. meaning, you don't fuck around with kicks or bans, you don't tease stream chatters. that stuff turns people off

[11:37] <darksydephil> being that there's no hard evidence of anything I'm willing to let it go this time, but i can't waste time with this shit. Look, I just wasted 10 minutes on it when I could have been streaming

[11:37] <darksydephil> hotsauceistooohot you've trolled before, i banned you MYSELF before so i think you should shut up lol

[11:38] <darksydephil> BTW we're quickly approaching 5 million total views and 35k follows on the channel, pretty sweet

[11:40] <darksydephil> okay

[11:40] <darksydephil> stream starting up now

[11:42] <darksydephil> someone bought this switch for me off of Amazon

[11:42] <darksydephil> took about a week for them to stock and ship it

[11:43] <darksydephil> yeah the Switch game lineup is a horrid joke, did you see the pick they put out yesterday as E3 ended...its like, no good games at all besides Splatoon 2 and Mario. all shit

[11:44] <darksydephil> you're talking about games in development with no release dates lolol

[11:44] <darksydephil> im talking about REAL GAMES coming out in 2017. the lineup is a joke

[11:45] <darksydephil> yeah look at all the AMAZING third party support. it's 2 games lol

[11:46] <darksydephil> CressTheAngel both are niche games and won't draw any mainstream attention

[11:50] <darksydephil> ok back, got drinks, now setting up my laptop

[11:52] <darksydephil> LOL i can hear the music screaming out of my headphones next to me

[11:54] <darksydephil> it doesn't work like that forwardarro , the pledges don't go through until July 1st unless it's a new pledge over the course of June. so no way to tell as of yet

[11:55] <darksydephil> pokken will probably be sick, the only thing tha tsucks about it on wii u is the graphics and that will be improved for sure

[11:56] <darksydephil> i did nich but haven't had a chance to read it yet

[11:56] <darksydephil> ok prestream time!

[19:18] <darksydephil> evil ryu is broken as fuck lol

[19:26] <darksydephil> evil ryu can do an easy 5 hit juggle combo for over 50% damage lol

[19:28] <darksydephil> i think im like 1-2 episodes into season 2, then i stopped bc i didnt want to finish the damn thing in 2 nights haha

[19:28] <darksydephil> so its on hold for now, ill go back when im bored at some point

[19:31] <darksydephil> holy ffuck

[19:31] <darksydephil> evil ryu has an insanely easy touch of death combo lol

[19:33] <darksydephil> yeah evil ryu is great

[12:38] <darksydephil> so just to warn everyone, im congested as hell today. couldn't fall asleep because of my damn allergies. just took a decongestant

[12:41] <darksydephil> okay, stream working?

[12:42] <darksydephil> ok just tweeted that we're live, going to go grab drinks and then get started

----- #DARKSYDEPHIL 20170619-01 ULTRA SF2 SWITCH 5TH.LOG

[12:29] <darksydephil> hello everyone

[12:29] <darksydephil> setting up now

[12:29] <darksydephil> live shortly

[12:30] <darksydephil> ignore them and tell everyone i dont want to hear about any negative bullshit people say or do regarding me. i have my own positive stuff to focus on and that's all i care about

[12:30] <darksydephil> let the miserable drama queen people do their own thing and have their own horrid lives away from what i'm busy with

[12:32] <darksydephil> so when i turn on my Switch, it automatically turns my TV on too. that's crazy, no other console does that lol

[12:33] <darksydephil> i dont think MITB was so bad, but people hated the outcomes of the big matches, which overall soured public opinion on the event

[12:34] <darksydephil> you can't have an insanely high level ladder match get won by the guy who very obviously did the least amount of work because he's the worst guy in the match, and then expect the crowds to be happy

[12:35] <darksydephil> i dont want to play injustice, honestly

[12:35] <darksydephil> of all the games right now its the least appealing to me

[12:35] <darksydephil> looking forward to dead by daylight tomorrow since its something new

[12:40] <darksydephil> stream working for everyone?

[12:41] <darksydephil> ok cool

[12:41] <darksydephil> ill tweet that we're live

[12:44] <darksydephil> Vegas is amazing if you do it right and awful if you do it wrong lol

[12:44] <darksydephil> tons of food, shopping, shows, touristy-shit to do and see. or you can just blow all of your money on gambling in a day

[12:45] <darksydephil> arguably Blanka and Cammy are the worst characters in USF2

[12:45] <darksydephil> with Gief right behind them but slightly better

[12:45] <darksydephil> i played Blanka in SF2 and 4

[12:46] <darksydephil> hawk would be pretty hard to play with these controls

[12:46] <darksydephil> he has very tricky 360 throw setups that wont work with lag, and his reversal is a DP motion

[12:47] <darksydephil> Gief clean loses to Blanka and pretty much anyone with good fireball zoning. even with all the tools they gave him, he's able to be zoned effectively at top levels

[12:50] <darksydephil> yup and the hori RAP joystick for like 135

[12:51] <darksydephil> markymark52 yes, AND the joystick is also coming out lol

----- #DARKSYDEPHIL 20170620-01 DEAD BY DAYLIGHT 1ST.LOG

[11:19] <darksydephil> hello all

[11:20] <darksydephil> probably not, Lawbreakers doesn't look very good. and they're selling it at a budget price because they know it looks bad lol

[11:20] <darksydephil> twitch prime announcement is apparently in 40 minutes

[11:21] <darksydephil> aw, no artwork for this game :(

[11:21] <darksydephil> i dunno, the email they sent me was acting like its some HUGE news
[11:22] <darksydephil> SpookyWuN right now i barely play PC so why on earth would a PC company sponsor me, lol
[11:23] <darksydephil> wow less than 4k views to hit 5 million here on my twitch channel, and yesterday we topped 35k followers'
[11:23] <darksydephil> i do mean we, because my success here is greatly in part to you guys
[11:24] <darksydephil> minecraft is like, a game you play while you do something else
[11:24] <darksydephil> like watch tv or talk with stream chat
[11:24] <darksydephil> by the way
[11:24] <darksydephil> anybody know what framerate this runs at on xbox one?
[11:25] <darksydephil> im assuming 30 like friday the 13th did
[11:25] <darksydephil> no, because google is shit
[11:25] <darksydephil> its always unreliable on launch day
[11:25] <darksydephil> and nobody talks about fps
[11:26] <darksydephil> oh god, is that what the twitch prime announcement is? i hope not
[11:28] <darksydephil> yeah, that stupid verwatch thing is going to be the twitch prime announcement...wow. that's incredibly lame
[11:28] <darksydephil> let's hype up free loot from a game over a year old as a big deal through a mass email lol
[11:29] <darksydephil> there is no mainstream demand for legendary lootboxes attached to a twitch prime membership, lol
[11:30] <darksydephil> i already said, i can't play wwe anymore. all of my videos have been claimed or blocked due to the video clips and soundtrack
[11:30] <darksydephil> um, i barely played wwe2k17 at all
[11:30] <darksydephil> i did career mode and one sim lol
[11:31] <darksydephil> id have to mute all music, only way to do it
[11:32] <darksydephil> it has nothing to do with income, the vids are mostly getting muted or blocked
[11:32] <darksydephil> so it HAS to have music muted
[11:33] <darksydephil> considering they did away with the story campaigns in WWE, theres no much to do in them anyway. i have no desire at all to play career mode again after how boring it was, AGAIN, last year
[11:33] <darksydephil> i have zero plans for another twitch and chill stream at the moment. i just did 2 of them back to back
[11:34] <darksydephil> stream is working?
[11:34] <darksydephil> of course there isn't any sound, its the xbox one dashboard which is silent
[11:37] <darksydephil> ok brb, gonna get drinks and such
[11:42] <darksydephil> wow, my laptop refuses to work with me today lol
[11:43] <darksydephil> dude, send me the money for a new laptop
[11:43] <darksydephil> lol
[11:44] <darksydephil> welcome Kodakcam
[11:44] <darksydephil> finishing setting up here
[11:44] <darksydephil> what on earth
[11:44] <darksydephil> i didnt time him out
[11:44] <darksydephil> holy fuck my stream chat is crazy delayed
[11:45] <darksydephil> wow i need to restart my laptop guys
[11:45] <darksydephil> brb
[11:56] <darksydephil> wow in all of their wisdom, microsoft made it so you can't remove an account from xbox one. i see no way to remove Leanna's old account
[11:57] <darksydephil> ok i found it
[11:57] <darksydephil> its hidden in a settings menu unrelated to the accounts login. you know, genius!

[12:17] <darksydephil> yes i finished DBZ, i thought UUB was Indian not black, and SNES Classic is another non-announcement just like teh NES classic considering you can play all those games, for free, right now lol
[12:18] <darksydephil> star fox 2 was an unfinished game running on the same shoddy graphics engine as star fox 1. whatever they put out claiming to be 2 isn't, its just what they did with it now and it'll look awful lol
[12:21] <darksydephil> jackwhite202 as i've said many times in the last few days, July is looking booked. between finishind read dead, dark souls ii SOTFS, playing fighters here and there and danganronpa 2 PLUS maybe crash 3 and my taking time off, theres zero time for a long ass JRPG
[12:23] <darksydephil> no news BeholderChil only bc YT JUST submitted the counter noficiations on saturday, took them 2 days to process and atlas has 14 BUSINESS days to respond
[12:25] <darksydephil> xthewrath93x i dunno? im just flat out ignoring everything and playing games, which is all im here to do to begin with. only time i've addressed stuff is chat getting out of hand the last few days but thats it
[12:25] <darksydephil> im not aware of any bs drama going on because ignore it all and thats a good thing
[12:26] <darksydephil> yeah, it does nobody any good to follow what these idiots say and do, it just creates more drama

[12:33] <darksydephil> brb gragging drinks
[12:38] <darksydephil> hate to break it to my critics, but my streams are still very much about gameplay and not constant shilling, if you haven't noticed. just more interactive now, so to say im "worse than the rest of twitch" just makes you look like a fucking jackass lol
[12:39] <darksydephil> CressTheAngel its getting better but still not there yet. im thinking danganronpa 2 resumes tomorrow just to be on the safe side
[12:40] <darksydephil> its a reputation based on slander and jealousy ThaBeardedBlarg and one i very much didn't create nor perpetuate. so not much i could do about it
[12:41] <darksydephil> nope
[12:41] <darksydephil> its about ignoring the brainless sheep who constantly beat the dead horse and moving forward positively

[12:41] <darksydephil> and thats what im doing

[12:26] <darksydephil> well it's as ive said, if you're watching thi splaythrough and dont want to be spoiled, the
ONLY way you can do that is to not read stream chat. i'd think those watching this game for the first time would
probably prefer to watch on youtube to avoid the spoiler element

[12:26] <darksydephil> yeah, the question is, will anyone cheer/sub/tip when they get no shout out for it. nobody

did the first session besides 1 person

[12:27] <darksydephil> im doing this as today's main stream to make up for the multiple missed sessions but theres no way i can do this as main stream every day

[12:30] <darksydephil> hotsauceistoo hot that's correct, you're referencing something i put into effect 2 years ago. now not only has YT ad revenue plummeted but i have to worry about the streams as well. so a long playthrough like Danganronpa 2 is a HUUUGE risk for me right now. next time i do patrons choice i hate to say it but i might have to limit the kind of games that can be nominated

[12:30] <darksydephil> yeah, no long JRPGs or weeb games. because they win every patrons choice and take too fucking long, and dont bring in any attention

[12:32] <darksydephil> stream hasn't started yet, i haven't said a word, "i can see why your girl left you" lol yes, what a logical human you are
